Any employee who checks out a key will be responsible for the replacement of the key and the changing of the lock cylinders (re-keying) of any door the key fits should it be lost or stolen. When checking out keys, please review the key form to ensure you do have the listed keys and sign the key check-out form verifying you do indeed have the keys listed. You will be given a copy of this form.

TELEPHONE AND CELLULAR TELEPHONE USAGE

Telephones are installed in each classroom and other rooms throughout the school. These telephones are for business use. Students are not to use the classroom telephones except in an emergency. Teacher use of the telephones is limited to business use and should be used to make contact with the offices and parents and for other school related matters. Teachers and educational assistants will not be disturbed during class-time with incoming calls unless it is an emergency, but a message will be taken and given to the staff member so he or she can return the call. Should a staff member need to make a long distance telephone call that is work related, he or she may call the office and the secretary will make the call for the staff member and connect him or her when the call is answered.

The use of cellular telephones in the classroom, during instructional time, is prohibited. Personal calls or texting during class time are not allowed. Personal calls or texting using a cellular telephone are permissible during breaks and when students are not present. Personal calls or texting must be limited during the work day. Staff may use cellular phones to contact the office in cases of emergencies or for other school-related business when there is no access to a school telephone.

Teachers should not allow students to use their personal cellular telephones or other electronic devices to call, text, or use during the school day. Staff should require students to turn in all electronic devices. Students may not call others

from the classroom telephones or call or text from a staff member's cellular telephone. Should a student need to make a telephone call, the teacher should provide the student with a note in his or her agenda and send the student to one of the offices to make the telephone call. The staff member must write the reason for the need to make the telephone call in the agenda. The office secretaries will maintain a log of student telephone usage.

SCHOOL PURCHASES

In order to purchase items for school use, a purchase order must first be secured. The staff member should submit a completed requisition to the principal for consideration and approval. Incomplete requisitions will be returned. At least three sources must be considered when making purchases. For purchases less than \$500.00, catalogue or internet comparisons may be made with the lowest price accepted. Purchases of \$500.00 to \$1,000.00 require written or telephone quotes before a purchase order will be issued. Any purchase with a price of more than \$1,000.00 will require written quotes from vendors. In some instances, supplies or merchandise may come from only one source. If this is the case, the requisition should show that the vendor is a sole source. Some items may be purchased from one source due to the fact that the school is contractually obligated or has accounts with them. In this case, you may be required to obtain the items from that vendor or the minimum number of quotes may be waived. When the purchase order is complete, you will receive a copy and then you may make the purchase. **Making a purchase prior to the issuance of a purchase order will not be reimbursed and will be your responsibility for payment.**

LEAVE

Of the nine sick days accrued, two may be used as personal days. More personal days may be granted with the permission of the School Board. In order to receive additional personal days, they must be requested in writing from the Board.

Teachers are encouraged to use sick leave when illness is severe or there is a chance of contagion to students and other staff members. However, as professionals, you are expected to use sick leave for illness and not personal matters or vacations. Students suffer every day that teachers are absent from the classroom. Excessive absences will be questioned and are a component of the annual evaluation.

Leave must be approved by the Principal prior to it being taken. For appointments, staff must turn in leave request forms as soon as possible to assist in securing a substitute for that day. For acute illnesses or emergencies, staff should call the Principal by 6:30 a.m. so arrangements can be made to have a substitute by the time school begins. **Teachers must submit one week (4 days) of emergency lesson plans to the Principal for use in the event of an unplanned absence.**

Personal leave for the Thursday before or Monday after a holiday (or day before and day after a holiday) will not be granted. Sick leave may be granted with a doctor's excuse. Personal Leave must be submitted to Principal's office at least 3 school days before the leave occurs.

Sick leave on the Thursday and Monday (or the last day of a school week and the first day of the next school week) will require an excuse from a doctor. Personal leave may be used on these days with prior approval.

Should an employee be unable to come to work due to car malfunction, inclement weather, or other unforeseen reasons, a personal day will be assessed to the employee. If no personal days are available, the employee must make a request for an additional personal day from the Board. If the personal day is granted it will come from the sick days accumulated. Should the Board not approve the personal day, it will be a day without pay and deducted from the employee's salary.

The NDAA also amended the FMLA to allow eligible employees to take up to twenty-six (26) weeks of job-protected leave in a "single twelve (12)-month period" to care for a covered service member with a serious injury or illness.

Employer Coverage

FMLA applies to all public agencies, including state, local and federal employers, local education agencies (schools), *and* private-sector employers who employed fifty (50) or more employees in twenty (20) or more workweeks in the current or preceding calendar year, including joint employers and successors of covered employers.

PROFESSIONAL / SUPPORT STAFF MILITARY / LEGAL LEAVE

The Board recognizes the fact that its employees have citizenship responsibilities. In order to make it possible for said employees to carry out their responsibilities to the city, county, state, or nation, the Board will grant leaves, in addition to jury duty, when an employee is called to military services or to attend training for the Military Reserve or National Guard. When an employee receives notice that requires leave as delineated above, it is the responsibility of the employee to notify the Superintendent or principal.

Subpoena

The District shall not discharge, discipline, or otherwise penalize an employee because the employee complies with a valid subpoena to appear in a civil, criminal, legislative, or administrative proceeding. - Only the regular salary may be received by an employee on jury duty.
- It is the responsibility of the employee to reimburse the District for jury duty pay when such payment is made directly to the employee. Failure to reimburse the District at the completion of the jury duty service will result in a full deduction equal to the number of contract days missed.
- An employee excused from jury duty after being summoned shall report for regular duty as soon as possible. Failure to report for duty will result in a deduction equal to that portion of a contract day missed.

Military Leave

EVALUATION OF PROFESSIONAL STAFF MEMBERS

The Board believes the procedures by which professional employees are supervised and evaluated must provide the employee and the supervisor the opportunity to identify both strengths and weaknesses and to work cooperatively toward satisfactory work performance. Each licensed professional staff member shall devise a professional development plan for the coming year which shall be a part of the evaluation process.

The Superintendent shall develop and implement a systematic plan for the evaluation of all licensed professional employees. The plan shall be consistent with all state statutory and regulatory requirements.

Classroom or site visitations shall be made to document the employee demonstration of the standards and competencies set forth by the State, the Secretary of Public Education and the Board. A written report of the evaluation will be prepared, reviewed with the employee and filed in the employee's personnel record. No evaluation report shall be placed in an employee's record without review and discussion between the employee and the employee's supervisor. REGULATION

EVALUATION OF PROFESSIONAL STAFF MEMBERS

Purpose:

The purpose of evaluation shall be the improvement of performance. Such a process, to achieve the greater measure of success, shall be predicated on the assumption that the evaluation will be a cooperative procedure, with the evaluator and the evaluatee having full knowledge of the criteria, process, and results.

The following statements give more specific purposes for evaluation:

- Evaluations determine how well the objectives held by the school are being carried out. The success of the educational program is dependent upon the quality of classroom instruction, supervision, and administration.
- Evaluations provide the basis for motivation and for self-improvement, permitting personnel to be aware of their strengths and weaknesses in order to improve.
- Evaluations provide a basis for planning in-service training and supervisory activities. Such activities can be most effective when they are based upon clear evidence of need as shown by evaluation studies.
- Evaluations provide the basis for administrative decisions. Such decisions may include the employment of personnel, their assignment, promotion, demotion, or termination.
- Evaluations aid in determining satisfactory or unsatisfactory performance.

Evaluators

The Superintendent shall designate the evaluators. The evaluator shall be responsible for the final written and official statement of evaluation, which shall be in writing, and a copy shall be transmitted to the certificated teacher within five (5) days after completion of the evaluation.

The District is responsible for ensuring that evaluators have been trained and approved by the Public Education Department.

Licensed Teacher Evaluation

Classroom visitations by evaluator. Formal observations shall be spaced and of sufficient duration (minimum of *thirty* [30] uninterrupted minutes) so as to ensure that the evaluators have an opportunity to grasp an overall concept of a person's performance over a full schedule. Two formal observations will be conducted using the NM Public Education Department Teacher Evaluation Tool.

Formal observations are prearranged through initiation by either the observer or the teacher. Formal observations shall be defined as those that are written and provide an opportunity for a pre-observation conference and follow-up conference. Informal observations may be made at the discretion of the administrator.

Procedural steps in the process of evaluation:

- At the beginning of the school year, the principal shall assign a mentor for all Level One teachers whose responsibilities shall be defined in a program established by the District in accord with statute and submitted to the Public Education Department as required.
- At the beginning of the school year, the Principal shall meet with the school's faculty for the purpose of orienting the teachers to the total evaluation plan that will include student test scores, multiple measures accepted by the Public Education Department, including teacher attendance, and two formal observations.
- A professional development plan shall be devised by each teacher and provided to the evaluator on a schedule as determined by the evaluator.
- Evaluators will conduct informal Walkthroughs using the NM Teach Observation Protocol and provide written feedback in digital form to teachers. Teachers are expected to have daily lesson plans available for evaluators, as well as having posted daily student learning objectives and Common Core State Standards for lessons.
- Observations in the classroom shall be completed using the NM Teach Observation Protocol consisting of four rubrics for Domains 1 to 4. Data will be recorded digitally, a copy sent to the teacher and a copy uploaded into the Public Education Department database using Teachscape. Observations for Domains 2 and 3 must be submitted to the Public Education Department by October 15 and March 15; observations for Domains 1 and 4 will be submitted by December 15 and March 15.
- An opportunity for a conference shall precede and follow each formal observation-visitiation.
- A written record shall be made of each formal observation, with a copy to the observed. The observation will be uploaded to the Public Education Department through Teachscape. The observation is only one component of the teacher's evaluation. All teachers at Vaughn Municipal Schools will be evaluated using the NM TEACH observation tool which includes Domain 1 (Planning and Preparation), Domain 2 (Creating an Environment for Learning), Domain 3 (Teaching for Learning), and Domain 4 (Professionalism).
- The official evaluation, consisting of a minimum of two formal observations of each Domain for all teachers Levels 1-3, as well as student test scores, and attendance, shall be reduced to writing and signed by both the teacher and the evaluator. The teacher's signature shall not mean concurrence. The teacher shall be allowed ten (10) days to write and submit any comments, which shall be attached to the evaluation. Each teacher will receive a rating provided by the Public Education Department: Ineffective; Minimally Effective; Effective;
- A copy of the written evaluation shall be transmitted to the teacher within five (5) days after completion of the evaluation, and a copy shall be retained for the Principal's file. A third copy shall be placed in the teacher's personnel file and made available to authorized District officers and employees.
- All evaluations shall remain confidential.
- Teachers who have been evaluated following the above procedure and whose results are either "Ineffective" or "Minimally Effective" will be placed on a Professional Growth Plan.

Frequency of written evaluations: Two formal observations will be conducted annually for every teacher.

Evaluation schedule:

All teachers, Levels 1-3, will be observed using the NM Teach Observation Protocol on the schedule specified by the Public Education Department: observation one for Domains 2 and 3 by October 15, and Domains 1 and 4 by December 15; observation two for all Domains by March 15.

The Principal and/or Superintendent shall establish a mentoring and peer intervention program for any teacher scoring as Ineffective or Minimally Effective in any of the Domains 1-4. The Principal and/or Superintendent may also recommend that the teacher study articles, books, or videos of best practices designed to assist the teacher to be rated as Effective or higher on Domains that were rated Ineffective or Minimally Effective. If the employee is unable to demonstrate satisfactory performance and competency by the end of a period of sixty (60) calendar days, the Principal will place the teacher on a Professional Growth Plan. If the teacher does not improve to Effective in a given school year, the School District shall provide the teacher with additional professional development and peer intervention during the following school year. If by the end of that school year the teacher does not receive a rating of Effective or above, the District may not renew the teacher's contract for the next year (terminate).

- At least fourteen (14) days prior to the last day of the school year, the Board shall authorize, as necessary, and send notice to employees who will be terminated. A copy of any evaluation(s) pertinent to the charges not to reemploy will be included in the written notice of termination.
- This written notice of termination shall be delivered personally or sent by registered or certified mail with delivery by a time certain prior to the last day of the school year, to the teacher's place of residence, as recorded in the District's records.
- Subject to the provisions of NMSA the Superintendent shall offer to each Level Two and Level Three teacher under contract of employment with the District for the current year a contract renewal for the next ensuing school year unless the Local School Board gives notice to the teacher of the intent not to offer a contract and to terminate the teacher as provided in NMSA.
- All provisions of the New Mexico Revised Statutes shall be complied with in the dismissal of continuing teachers.

Evaluation program. The specific format for the teacher evaluation system will be developed in compliance with Policy GCO, this regulation, NMSA, and NMAC under the leadership of the Superintendent.

Compliance with Public Education Department (PED) Regulation 6.69.4, Performance Evaluation System Requirements for Teachers, will be completed as specified in the teacher performance evaluation for three-tiered licensure.

Growth plans may also be created when job performance is lacking or other problems arise that require immediate action.

TEACHER COMPETENCIES

It shall be the responsibility of the teacher to know the professional competencies that must be maintained for the level of licensure under which the teacher is licensed. Teacher competencies will be addressed during a meeting with the principal in which the Professional Development Plan (PDP) is created. The PDP will be created by the teacher in consultation with the principal. Professional Development Plans will be finalized and signed by both the teacher and the principal. PED regulation requires that the teacher and the school principal create the Professional Development Plan (PDP) no later than forty (40) days after the first day of each school year. The Plan must have measurable objectives, and must be based on, among other things:

- The nine teacher competencies and indicators for the teacher's licensure level,
- The previous year's annual evaluation (if applicable), and
- Assurance

Each of the three levels of licensure has nine (9) common competencies with differentiation occurring through license level-specific indicators. The performance evaluation system will indicate a teacher's proficiency in these license level-specific indicators and competencies. The nine common competencies are:

1. The teacher accurately demonstrates knowledge of the content area and approved curriculum;
2. The teacher appropriately utilizes a variety of teaching methods and resources for each area taught;
3. The teacher communicates with and obtains feedback from students in a manner that enhances student learning and understanding;
4. The teacher comprehends the principles of student growth, development and learning, and applies them appropriately;
5. The teacher effectively utilizes student assessment techniques and procedures;
6. The teacher manages the educational setting in a manner that promotes positive student behavior, and a safe and healthy environment;
7. The teacher recognizes student diversity and creates an atmosphere conducive to the promotion of positive student involvement and self-concept;
8. The teacher demonstrates a willingness to examine and implement change as appropriate; and
9. The teacher works productively with colleagues, parents, and community members.

More information regarding teacher competencies and evaluation can be found at TeachNM.org

Should there be more than two days of cancellations, the school days with students will be made up on Fridays as per the school calendar. All school cancellation days will be made up by teachers and staff. If possible, these days will be made up on the Fridays enumerated on the school calendar.

Content Filtering

A content filtering program or similar technology shall be used on the networked electronic information system (EIS) as well as on standalone computers capable of District authorized access to the Internet. The technology shall at a minimum limit access to obscene, profane, sexually oriented, harmful, or illegal materials. Should a District adult employee have a legitimate need to obtain information from an access-limited site, the Superintendent may authorize, on a limited basis, access for the necessary purpose specified by the employee's request to be granted access.

Monitoring

As a means of providing safety and security in direct electronic communications and to prevent abuses to the appropriate use of electronic equipment, all computer access to the Internet through the District electronic information systems (EIS) or standalone connection shall be monitored periodically or randomly through in-use monitoring or review of usage logs.

Access Control

Individual access to the EIS shall be by authorization only. Designated personnel may provide authorization to students and staff who have completed and returned an electronic information services user agreement. The Superintendent may give authorization to other persons to use the EIS.

Acceptable Use

Each user of the EIS shall:

- Use the EIS to support personal educational objectives consistent with the educational goals and objectives of the School District.

- Not use the EIS for commercial purposes.
- Follow the District's code of conduct.
- Not attempt to harm, modify, add, or destroy software or hardware nor interfere with system security.

Accounts may be closed and files may be deleted at any time. The District is not responsible for any service interruptions, changes, or consequences.

Details of the user agreement shall be discussed with each potential user of the electronic information services. When the signed agreement is returned to the school, the user may be permitted use of EIS resources through school equipment.

PAYROLL PROCEDURES / SCHEDULES

No individual shall be placed on the payroll or receive salary adjustments without prior written authorization of the Superintendent.

Salary checks will be issued semi-monthly during the term of contract or agreement with the District in twenty-four (24) equal installments. The pay dates shall be on the fifteenth (15th) and thirtieth (30th) of each month. During summer breaks, paychecks will be mailed to the address authorized, designated to be picked up or direct deposited.

In lieu of receiving a salary check, employees may request to have their salary directly deposited to the banking institution of their choice. The secretary and the teacher will count the money and the teacher will receive a receipt for the deposit.

In no case shall money be left overnight in school buildings, except in safes provided for safekeeping of valuables.

STAFF CONDUCT WITH STUDENTS

Employees are expected to exercise general supervision over the conduct of students, not only while in the schoolroom, but also before and after school and during recess. At all times teachers and other staff members will accord students the dignity and respect that they deserve, and avoid embarrassing any student unnecessarily.

Students are expected to respect all school employees as individuals who are employed to provide direct or indirect contributions to learning. While students are to have considerable latitude in making choices for themselves, they shall be

required to respect the rights of all school employees and other students, and interference with those rights will not be tolerated.

Students shall not have the right to interfere with the efforts of instructional staff members to coordinate or assist in learning, to disseminate information for purposes of learning, or to otherwise implement a learning program. Nor shall a student have the right to interfere with the motivation to learn or the learning activities and efforts of other students. REGULATION

DRUG AND ALCOHOL TESTING OF EMPLOYEES (Other than Transportation Employees)

Substance use that impairs the job performance of an employee will be considered proper cause for disciplinary action up to and including termination, even for a first offense.

The following procedures shall be adhered to in enforcing the policy:

- Responsibility for enforcing these procedures shall be placed with, and shall be considered incumbent on, the Superintendent.
- Drug and alcohol testing shall be required as follows:

Testing shall be required whenever an individual charged with enforcing these procedures has reason to suspect that an employee's job performance has been impaired by the use of alcohol or a drug.

When possible, the reason(s) shall be documented by an affidavit signed by the person who observed the employee and the employee's supervisor.

Post-accident testing shall be required whenever the supervisor has reason, based on knowledge of the events and circumstances of the accident, to suspect that the employee's involvement in the accident was influenced by the use of alcohol or a drug.

When possible, reason(s) shall be documented by an affidavit signed by the employee's supervisor.

Procedure for testing:

Facilities selected by the District shall provide the testing. A list of authorized facilities shall be maintained by the District.

When reason exists to suspect that the use of alcohol or a drug contributed to or influenced either an employee's impaired job performance or an accident involving a vehicle used to transport students or equipment used by the employee in such job performance, the employee shall immediately be transported to an approved testing facility by a member of the staff designated by the Superintendent.

Testing may include a preliminary examination by medical personnel. Tests that will detect the use of alcohol or a drug will be administered. The tests that may be administered to detect alcohol or a drug are breath analysis, urinalysis, and blood analysis.

- A positive test shall be reason to recommend termination.
Administrative leave is authorized until the test results are available. The District shall pay the employee for the test day and the time off while awaiting the results.
- An employee who refuses to cooperate in such testing, or who tests positive, shall be directed to take alternate transportation home or to a destination where assistance is available. As a last resort, a transportation staff member may be directed to transport the individual to an appropriate destination using a District vehicle. If an employee insists on driving from the premises, local law enforcement authorities shall be notified.

The District shall assume the costs of the drug and alcohol testing of any employee.

Appeal of test findings:

- The District, in cooperation with the testing facility, shall develop a procedure for the employee to obtain a second laboratory opinion on the test findings.
- The employee shall be notified of the procedure for obtaining a second laboratory opinion on the test findings.

Penalties:

Refusal to immediately take a test, or failure to cooperate fully as requested during testing procedures, shall be considered an act of insubordination and is cause for termination.

A staff member with the responsibility of enforcing these procedures who has knowledge of a violation and does not act according to the District policy and procedures shall have violated District policy, and such violation is cause for termination.

An employee having a positive test indicating use of alcohol or a drug under the above-described circumstances shall be recommended for termination.

Nothing in this procedure shall in any way limit the authority of the District to utilize information other than drug and alcohol testing in the discipline and termination of employees for drug and alcohol use.

STAFF GRIEVANCES

Effective communication between District employees, the administrative staff, and the Board is essential for proper operation of the schools. The Board, therefore, authorizes the Superintendent to establish a grievance procedure for employees as the prescribed means of resolving grievances at the earliest date and the lowest possible administrative level.

When employees have grievances, they should first attempt to resolve them with the person (s) responsible. If a resolution cannot be reached, they should write out the grievance and present it to the administration. If the employee’s concern is not resolved by the subsequent actions of the administration, a formal complaint must be filed if the matter is to be given further attention.

The formal complaint must be filed within fifteen days of the time the complainant knew or should have known the complaint existed.

Such procedure shall provide for Board review of any grievance that cannot be resolved at the administrative level. In such instances, the affected individual may request that the Board review the situation. Such request shall be in writing and shall contain the basis for the appeal, including the act or acts out of which the grievance arose, identification of the Board policies and/or administrative regulations involved, and the remedy sought. Within five (5) working days following

notification of the Superintendent's decision, any written request for appeal shall be submitted to the Superintendent for transmittal to the Board. The Board, at a time of its choosing, shall review the grievance and issue a response within fifteen (15) working days following such review.

Limitations: The following situations are not covered by the grievance procedure:

- The discretionary act(s) of professional judgment relating to the evaluation of the work performance of any employee by the designated evaluator(s).
- A personnel decision made by the Superintendent including, but not limited to, a termination or discharge, a demotion, transfer, assignment or Board action directly and adversely affecting an employee's employment that may be subject to redress through provisions of State law and regulation.
- Situations in which the Superintendent and the Board are without authority to act or where the power to remedy the employee's concern resides exclusively with some person, agency or authority other than the Board.
- Situations as to which a different procedure for remedy has been provided by the Board, or where District procedure is prescribed by State or Federal authority.
The decision of the Board is final.

STAFF GRIEVANCES

Definitions

A *grievance* is a complaint by a District employee alleging a violation or misinterpretation, as to the employee, of any District policy or regulation that directly and specifically governs the employee's terms and conditions of employment.

A *grievant* shall be any employee of the District filing a grievance.

Terms and conditions of employment means the hours of employment, the compensation thereof, including fringe benefits, and the employer's personnel policies directly affecting the employee. In the case of professional employees, the term does not include educational policies of the District. A *day* is any day during which the District conducts business. The *immediate supervisor* is the lowest-level administrator having line supervisory authority over the grievant.

Informal Level

Before filing a formal written grievance, the grievant must attempt to resolve the matter by one (1) or more informal conferences with the immediate supervisor. The first of these informal conferences must be conducted within ten (10) days after the employee knew, or should have known, of the act or omission giving rise to the grievance. A second or any subsequent conference must occur within five (5) days after the initial informal conference, or any subsequent conference.

Formal Level

Level I. Within fifteen (15) days after the employee knew, or should have known, of the act or omission giving rise to the grievance, the grievant must present the grievance in writing to the immediate supervisor.

The grievance shall be a clear, concise statement of the circumstances giving rise to the grievance, a citation of the specific article, section, and paragraph of the policy or regulation that directly and specifically governs the employee's

terms and conditions of employment that are alleged to have been violated, the decision rendered at the informal conference, and the specific remedy sought. NEW MEXICO SCHOOL BOARDS ASSOCIATION 11/16/09

The immediate supervisor shall communicate a decision to the employee in writing within five (5) days after receiving the grievance.

Within the above time limits either party may request a personal conference to attempt to resolve the matter.

Level II. In the event the grievant is not satisfied with the decision at Level I, the decision may be appealed to the Superintendent within five (5) days after receipt of the decision.

The appeal shall include a copy of the original grievance, the decision rendered, and a clear, concise statement of the reasons for the appeal. The Superintendent shall communicate a decision within five (5) days after receiving the appeal. Either the grievant or the Superintendent may request a personal conference within the above time limits.

Level III. If the grievant is not satisfied with the decision at Level II, the grievant may, within five (5) days, submit an appeal in writing to the Superintendent for consideration by the Board.

General provisions:

Failure at any step of this procedure to appeal a grievance to the next step within the specified time limits shall be deemed an acceptance of the decision rendered at that step, and there shall be no further right of appeal. Failure to file a grievance within fifteen (15) days after the employee knew, or should have known, of the circumstances upon which the grievance is based shall constitute a waiver of that grievance. The filing or pendency of any grievance under the provisions of this policy shall in no way operate to impede, delay, or interfere with the jurisdiction of the Board or the Superintendent.

No person(s) shall suffer retaliation, recrimination, discrimination, harassment, or be otherwise adversely affected because of the use of the grievance procedure.

Whenever possible, a grievance conference or hearing, at any level, shall be scheduled during a mutually convenient time that does not conflict with the regularly scheduled school program.

A grievant requiring the attendance and testimony of other employees shall have the right to bring such witnesses as are willing to testify on behalf of the employee. When hearings must be scheduled during the work day, any necessary substitutes or released time shall be provided at District expense.

A separate file shall be maintained by the District for all grievances. All documents produced during the processing of a grievance shall be filed therein. All parties shall maintain confidentiality with regard to the proceedings and the resolution of the grievance shall not be made public unless agreed to by the grievant and the Superintendent, or unless the grievant pursues the matter beyond this policy.

Nothing contained herein shall be construed to limit, in any way, the ability of the District and the grievant to resolve any grievance by informal means, and nothing herein shall be construed as requiring resorting to the formal procedures when grievable problems arise.

All grievances shall be filed and processed on grievance forms provided by the District and made available at each school and building site.

The grievant may be represented by legal counsel or union representative, if applicable, in conferences or hearings, except the informal conference. Any representative who intends to represent a grievant at a conference or hearing shall notify the Superintendent of that intention within a reasonable time before the conference or hearing. Failure to do so may justify postponement of the conference or hearing or suspension of the deadline while the Superintendent arranges for or consults with District legal counsel.

The grievance proceedings shall focus only on the issues raised by the written grievance as filed and any related issues as the parties in interest may agree to have considered.

Threats

Any employee who is threatened with harm by an individual or a group while carrying out assigned duties shall immediately notify the school principal or supervisor. The principal or supervisor shall then immediately notify the Superintendent's office of the threat and together they shall take immediate steps in cooperation with the employee to provide every reasonable precaution for the employee's safety. Precautionary steps, including contacting law enforcement, seeking injunctive relief or any advisable legal action, shall be reported to the Superintendent's office at the earliest possible time.

REGULATION**

EQUAL EMPLOYMENT OPPORTUNITY

Compliance Officer:

The Superintendent shall be the compliance officer. Any person who feels unlawfully discriminated against or to have been the victim of unlawful discrimination by an agent or employee of the District or who knows of such discrimination against another person should file a complaint with the Superintendent. If the Superintendent is the one alleged to have unlawfully discriminated, the complaint shall be filed with the President of the Board.

Complaint Procedure:

The District is committed to investigating each complaint and to taking appropriate action on all confirmed violations of policy. The Superintendent shall investigate and document complaints filed pursuant to this regulation as soon as reasonable. In investigating the complaint, the Superintendent will maintain confidentiality to the extent reasonably possible. The Superintendent shall also investigate incidents of policy violation that are raised by the Board, even though no complaint has been made.

If after the initial investigation the Superintendent has reason to believe that a violation of policy has occurred, the Superintendent shall determine whether or not to hold an administrative hearing and/or to recommend bringing the matter before the Board.

If the person alleged to have violated policy is a teacher or an administrator, the due process provisions of the District's Policy GCQF shall apply, except that the supervising administrator may be assigned to conduct the hearing. In cases of serious misconduct, dismissal or suspension proceedings in accordance with statutes may be initiated.

If the person alleged to have violated policy is a support staff employee, the Superintendent may follow due process and impose discipline under Policy GDQD if the evidence so warrants. The Superintendent also may recommend a suspension without pay, recommend dismissal, or impose other appropriate discipline.

If the Superintendent's investigation reveals no reasonable cause to believe policy has been violated, the Superintendent shall so inform the complaining party in writing.

Timelines:

The complaint must be filed within thirty (30) calendar days after the complaining party knew or should have known that there were grounds for a complaint/grievance.

Once the written complaint has been filed using the forms provided by the District, the Superintendent shall require the immediate supervisor or site administrator to investigate and respond in writing to the complaining party within five (5) working days.

If the immediate supervisor or site administrator does not respond, the Superintendent will have ten (10) additional working days to respond in writing to the complaining party.

If the Superintendent does not respond within the established time, then the complaining party may request in writing that the issue be brought before the Board. The Board will then review the record of the investigation and have thirty (30) days to respond to the complaining party in writing.

PROHIBITED PERSONNEL PRACTICES

(Whistleblower)

Retaliatory Action Prohibited

It is a prohibited personnel practice to take a retaliatory action against a public employee for the following activities if, in good faith, the employee believes that the action they have taken is based on an act or failure to act on the part of the school district which constitutes unlawful or improper activity:

- communicating to a public body or third (3rd) party,
- providing information to, or testifying before a public body,
- objecting to or refusing to participate in an activity, policy or practice of a public body.

PROHIBITED PERSONNEL PRACTICES

(Whistleblower Protection Act Summary)

It is a prohibited personnel practice to take a retaliatory action against a public employee for the following activities if, in good faith, the employee believes that the action they have taken is based on an act or failure to act on the part of the school district which constitutes unlawful or improper activity:

- communicating to a public body or third (3rd) party,
- providing information to, or testifying before a public body,
- objecting to or refusing to participate in an activity, policy or practice of a public body.

Damages

A public employer that violates the provisions of the Whistleblower Protection Act shall be liable to the public employee for actual damages, reinstatement with the same seniority status that the employee would have had but for the violation, two (2) times the amount of back pay with interest on the back pay and compensation for any special damage sustained as a result of the violation. In addition, an employer shall be required to pay the litigation costs and reasonable attorney fees of the employee. An employee may bring an action pursuant to this section in any court of competent jurisdiction.

Affirmative Defense

It shall be an affirmative defense to a civil action brought pursuant to this section that the action taken by a public employer against a public employee was due to the employee's misconduct, the employee's poor job performance, a reduction in work force or other legitimate business purpose unrelated to conduct prohibited pursuant to the Whistleblower Protection Act and that retaliatory action was not a motivating factor.

Remedies

The remedies provided for in the Whistleblower Protection Act are not exclusive and shall be in addition to any other remedies provided for in any other law or available under common law. Nothing in the Whistleblower Protection Act precludes civil actions or criminal sanctions for libel, slander or other civil or criminal claims against a person who files a false claim under that act.

Applicability

The provisions of this act apply only to civil actions that occurred on or after July 1, 2008 for damages resulting from retaliatory action filed within two (2) years from the date on which the retaliatory action occurred.

WORKERS' COMPENSATION

Any employee who has an accident, no matter how slight, while on duty shall notify the supervisor immediately. Failure to follow this procedure could result in the loss of workers' compensation benefits.

After being notified by an employee, the supervisor shall complete and submit the Report of Industrial Injury to the District office.

The Superintendent, upon receiving the supervisor's report, shall, within ten (10) days after notification, submit the Report of Industrial Injury to the insurance carrier.

Compensation Claims

When a job-related injury/accident requires medical attention and absence from the workplace, the following conditions shall apply:

- The physician will be responsible for reporting the circumstances of the injury to the District, the Industrial Commission, and the District's insurance carrier.
- During the first seven (7) days of absence due to a job-related injury/accident, the employee will be placed on sick leave, provided the employee has accumulated sufficient sick leave.
- If a job-related injury/accident results in more than seven (7) days absence, the insurance carrier will be responsible for handling the claim for lost pay. During such period the employee may be directed to:

Endorse over to the District the payments received from the insurance carrier, continue to receive a regular salary, and be charged sick leave. When the amount of the insurance payment is determined and received by the District, the employee's sick leave record will be adjusted for that fraction of the time paid by the insurance carrier (e.g., the insurance carrier pays two-thirds [2/3] of the normal salary of the employee, the sick leave will be adjusted on a pro rata basis); or

Draw compensation from the insurance carrier, provide the District with a record of such payment, and receive payment for sick leave pay for the uncompensated portion of missed time, up to the limit of accumulated sick leave.

In no event will an employee receive a combined salary and worker's compensation in excess of the employee's regular salary.

An employee who has used all accumulated sick leave will be removed from the payroll and will receive only such amounts as are paid by the District's insurance carrier.

NON-SCHOOL EMPLOYMENT BY PROFESSIONAL STAFF MEMBERS

A regular, full-time employee's position in the District shall be given precedence over any type of outside work or self-employment. Employees are free to carry on individual work or self-employment projects as long as no District facilities, equipment, or school(s) are used, except as provided by policy, and the outside work or self-employment does not interfere with the employees' performance of District-assigned duties.

The outside work or self-employment by a staff member is of concern to the Board insofar as it may:

- Prevent the employee from performing assigned responsibilities in an effective manner.
- Be prejudicial to proper effectiveness in the position or compromise the District.

- Raise a question of conflict of interest - for example, where the employee's position in the District permits access to information or other advantage useful to the outside employer.

Therefore, an employee may not perform any duties related to outside work or self-employment during regular District working hours or during the additional time that is needed to fulfill the responsibilities of the District position. Employees who violate this policy are subject to reprimand, suspension, or termination.

(Definitions for the terms gift, family and restricted donor can be found in the Gift Act cited below for purposes of interpreting the above section of policy.)

Students, parents, and other patrons of the District shall be discouraged from the routine presentation of gifts to employees. This shall not be interpreted as intended to discourage acts of generosity in unusual situations, and simple remembrances expressive of affection or gratitude shall not be regarded as violations of this policy.

Gifts to students by staff members shall be discouraged. Simple remembrances on certain occasions to all students in a class or section shall not be regarded as a violation of this policy.

A school employee's position in the District shall not be used to influence parents or students to purchase books or other merchandise, except for materials approved by the Superintendent for use in the classroom.

Staff-member solicitation(s) of other employees and/or students for any profit, nonprofit, or charitable groups, institutions, or organizations must have the approval of the Superintendent in advance.

NEW MEXICO'S CODE OF ETHICAL RESPONSIBILITY OF THE EDUCATION PROFESSION

TITLE 6 CHAPTER 60 PART 9	PRIMARY AND SECONDARY EDUCATION SCHOOL PERSONNEL-GENERAL PROVISIONS LICENSURE REQUIREMENTS, CODE OF ETHICAL
--	--

RESPONSIBILITY OF THE EDUCATION PROFESSION

6.60.9.1 **ISSUING AGENCY:** Public Education Department
 [6.60.9.1 NMAC - N, 04-30-01; A, 10-17-05]

6.60.9.2 **SCOPE:** All licensed personnel. The New Mexico public education department (PED) hereby sets minimal standards of accepted ethical behavior and professional conduct in education that are applicable to all licensed school personnel, instructional personnel under contract, including any other person who provides instructional services in a school but who does not hold a standard license and whose presence is authorized by the PED through a waiver, substandard license, substitute license, or an educational plan approved by the PED.
 [6.60.9.2 NMAC - N, 04-30-01; A, 10-17-05]

6.60.9.10 **FAILURE TO COMPLY WITH THIS CODE:** The PED finds that adherence to this code of ethical responsibility has a significant bearing on licensed personnel's competence, turpitude or the proper performance of their duties. It makes the same finding for any other person providing instructional services in a school who does not hold a standard license but whose presence is authorized by the PED through a waiver, substandard license, substitute license, or an educational plan approved by the PED. Both the code of ethics and standards of professional conduct are intended to provide a valuable framework of personal ethics to assist educators and administrators in their interaction with colleagues, students and parents. However, the standards of professional conduct establish minimal standards of acceptable professional conduct with which all educators and administrators are required to comply. Therefore, the PED through the professional licensure bureau ("licensure bureau") may revoke or suspend the licensure of any person, or may deny applications for initial licensure or continuing licensure to any person, who is within the scope of this regulation, and who after hearing, is found to have failed to comply with one or more of the enumerated provisions of the standards of professional conduct set forth in 6.60.9.9 NMAC, above, exclusive of the preamble. All hearings and attendant notices shall be conducted and served pursuant to either 6 NMAC 4.2.4.4 or 6 NMAC 4.2.4.5.
 [6.60.9.10 NMAC - N, 04-30-01; A, 10-17-05]

6.60.9.12 **REPORTING REQUIREMENT:** It is the duty of each school superintendent to provide written notification to the director of the licensure bureau after taking final action to discharge or terminate the employment, based in whole or in part on a violation of the standards of professional conduct, of any certified school employee, or any other person providing instructional services in a school who does not hold a standard license but whose presence was authorized by the PED through a waiver, substandard license, substitute license, or an educational plan approved by the PED.

STAFF CONDUCT
(Standards of Professional Conduct)
Preamble

We, licensed New Mexico educators acknowledge that ethical values in our schools cannot exist without ethical leadership. It is our ultimate goal to educate children so that they may become productive citizens; we understand that our guidance and ability to provide choices has a profound effect on reaching this goal. In affording students and each other choices, we agree to consider the consequence of each choice, the moral value best exemplified by the recommended choice, and our position on the choice if it were applied to us. These principles apply equally to all licensed educators in all schools except where they are uniquely applicable to public schools or where they conflict with principles of religious freedom.

Moral values are to ethical leadership what years of experience are to a successful educator. The former sets the stage for success of the latter. Abstract principles that espouse excellence do not easily equate into simple behavioral maxims. We are certain that some foundational concepts can be embraced because they truly celebrate desirable moral values. These concepts are: respect for one's self and others, honesty and openness, the delicate balance between absolute freedom and safety, the equally delicate balance between confidentiality and the right to know, equality of opportunity, fairness to all, and personal integrity.

In the final analysis it is our consistent ethical leadership that wins the most allies and produces the best results. Not only does this code highlight our professional responsibilities, but also it stimulates us to discuss the professional implications of our ethical choices and ethical recommendations, causes us to assess and reassess our application of moral values, and sets forth concrete behaviors appropriate for education professionals. We are committed to this code and understand that it provides minimally accepted standards of professional conduct in education.

Standard I – Duty to the student. We endeavor to stimulate students to think and to learn while at the same time we seek to protect them from any harm. Ethical leadership requires licensed educators to teach not only by use of pedagogical tools, but also by consistent and justifiable personal example. To satisfy this obligation, we:

shall, in compliance with the Family Educational Rights and Privacy Act of 1974 (20 U.S.C. Section 1232g, 34C.F.R. Part 99), the Individuals with Disabilities Education Act (20 U.S.C. Section 1401 et seq., 34 C.F.R. Part 300), the Mental Health and Developmental Disabilities Code (Section 43-1-19, NMSA 1978), the Inspection of Public Records Act (Section 14-2-1 et seq., NMSA 1978), the Public School Code (Section 22-1-8, NMSA 1978), and the Children's Code (Sections 32A-2-32, 32A-4-3, NMSA 1978), withhold confidential student records or information about a student or his/her personal and family life unless release of information is allowed, permitted by the student's parent(s)/legal guardian, or required by law;

shall not discriminate or permit students within our control, supervision or responsibility to discriminate against any other student on the basis of race, color, national origin, ethnicity, sex, sexual orientation, disability, religion, or serious medical condition;

shall avoid using our positions as licensed school employees to exploit or unduly influence a student into engaging in an illegal act, immoral act, or any other behavior that would subject a licensed school employee or student to discipline for misconduct whether or not the student actually engages in the behavior;

shall tutor students only in accordance with local board policies, if any, only after written permission from the student's parent(s)/legal guardian, and only at a place or time approved by the local school and/or the student's parent(s)/legal guardian;

shall not give a gift to any one (1) student unless all students situated similarly receive or are offered gifts of equal value for the same reason;

shall not lend a student money except in clear and occasional circumstances, such as where a student may go without food or beverage or be unable to participate in a school activity without financial assistance;

shall not have inappropriate contact with any student, whether or not on school property, which includes but is not limited to:

- all forms of sexual touching, sexual relations or romantic relations;
- inappropriate touching which is any physical touching, embracing, petting, hand-holding, or kissing that is unwelcome by the student or is otherwise inappropriate given the age, sex and maturity of the student;
- any open displays of affection toward mostly-boys or mostly-girls; and
- offering or giving a ride to a student unless absolutely unavoidable as where a student has missed his/her usual transportation and is unable to make reasonable substitute arrangements;

shall not interfere with a student's right to a public education by sexually harassing a student or permitting students within our control, supervision or responsibility to sexually harass any other student, which prohibited behavior includes:

making any sexual advances, requests for sexual favors, repeated sexual references, any name calling by means of sexual references or references directed at gender-specific students, any other verbal or physical conduct of a physical nature with a student even where the licensed educator believes the student consents or the student actually initiates the activity, and any display/distribution of sexually oriented materials where students can see them; and

creating an intimidating, hostile or offensive work/school environment by at a minimum engaging in any of the prohibited behaviors set forth at Paragraph (7) or Subparagraph (a) of Paragraph (8), Subsection B of 6.60.9.9 NMAC, above.

Standard II – Duty to the profession. The education profession has been vested by the public with an awesome trust and responsibility. To live up to that lofty expectation, we must continually engender public confidence in the integrity of our profession, and must strive consistently in educating the children of New Mexico, all of whom will one-day shape the future. To satisfy this obligation, we:

- shall not make a false or misleading statement or fail to disclose a material fact in any application for educational employment or licensure;

- shall not orally or in writing misrepresent our professional qualifications;
- shall not assist persons into educational employment whom we know to be unqualified in respect to their character, education, or employment history;
- shall not make a false or misleading statement concerning the qualifications of anyone in or desiring employment in education;
- shall not permit or assist unqualified or unauthorized persons to engage in teaching or other employment within a school;
- shall not disclose personal, medical, or other confidential information about other educational colleagues to anyone unless disclosure is required or authorized by law;
- shall not knowingly make false or derogatory personal comments about an educational colleague, although first amendment protected comments on or off campus are not prohibited;
- shall not accept any gratuity, gift, meal, discount, entertainment, hospitality, loan, forbearance, favor, or other item having monetary value whose market value exceeds \$100, excluding approved educational awards, honoraria, plaques, trophies, and prizes;
- shall avoid conduct connected with official duties that is unfair, improper, illegal or gives the appearance of being improper or illegal;
- shall not sexually harass any school employee, any school visitor or anyone else we might encounter in the course of our official duties, which includes:
 - making any sexual advances, requests for sexual favors, repeated sexual references, and name calling by means of sexual references or references directed at any gender-specific individuals named above;
 - making any other verbal gesture or physical conduct with any of the above-named individuals even where the licensed educator believes they consent or they actually initiate the activity;
 - displaying or distributing any sexually oriented materials where the above-named individuals can see them; and
 - creating an intimidating, hostile, or offensive work/school environment by engaging in any of the prohibited behaviors set forth at Subparagraphs (a), (b) or (c), Paragraph (10), Subsection C of 6.60.9.9 NMAC, above;
- shall educate oneself at least annually about avoiding sexual harassment by either attending periodic training, reviewing sexual harassment literature or the EEOC guidelines found at Title 29 Code of Federal Regulations Part 1604 (29 C.F.R. Section 1604.1 *et seq.*) or contacting appropriate school human resources personnel;
- shall not engage in inappropriate displays of affection, even with consenting adults, while on school property or during school events off campus;
- shall not without permission of a supervisor use public school property to conduct personal business or our personal affairs;
- shall use educational facilities and property only for educational purposes or purposes for which they are intended consistent with applicable policy, law and regulation;

- shall not discriminate against any school employee, or any other person with whom we have any dealings or contact in the course of our official duties, on the basis of race, color, national origin, ethnicity, sex, sexual orientation, disability, religion, or serious medical condition;
- shall not engage in any outside employment:
 - the performance of which conflicts with our public school duties, such as where a licensed educator takes a private job that would require performance in the very school district where he/she is employed;
 - where we use confidential/privileged information obtained from our public school employment as part or all of our private employment duties; and
 - that impairs our physical ability to perform our school duties;
- shall not, with the intent to conceal/confuse a fact, change or alter any writing or encourage anyone else to change or alter any document:
 - in connection with our official school duties;
 - in connection with another licensed person's official school duties;
 - in connection with any standardized or non-standardized testing;
 - in connection with any school application or disclosure process; and
 - in connection with any writing submitted to the public education department related to our initial or continued licensure, including endorsements;
- shall not in connection with any state board-approved teacher test knowingly make any misrepresentations about one's identity, or engage in any false or deceptive acts of test-taking or test-registering;
- shall not engage in any conduct or make any statement:
 - that would breach the security of any standardized or non-standardized tests;
 - that would ignore administering portions or the entirety of any standardized or non-standardized testing instructions;
 - that would give students an unfair advantage in taking a standardized or non-standardized test;
 - that would give a particular school or a particular classroom an unfair advantage in taking a standardized or non-standardized test; and
 - that would assist students in obtaining services or benefits for which they do not qualify or are not entitled;
- shall not, when on school property or off campus while representing the school or attending a school function, engage in violent, abusive, indecent, profane, boisterous, unreasonably loud or otherwise disorderly conduct which tends to disturb the peace.
- shall not hold, or continue to hold, employment for which educator licensure or certification is required when the individual knew, should have known or is informed by the PED, that the individual does not hold the required credentials; and
- shall not use school information technology equipment, hardware, software or internet access to view, download, display, store or print pornographic images or advertisements, nude images, or sexually explicit depictions or language;
